So help us, this is how the envelope was addressed:

"Sierra Madre News, Printers and Publishers, Peter Ward, Publisher, Right behind the broken drinking fountain, Sierra Madre, California,

In case there was any doubt, Sierra Madre really is on the map. Products from this city go half way around the world. Recently three pairs of locallybred red and pink canaries left International Airport for Tokyo. Japan, and arrived three days later. Miller Aviaries of Sierra Madre has been notified that the birds were received in "perfect condition." While not exactly doves of peace, these ca naries may well be considered ambassadors of good will from the Wistaria Town.

This week we were called upon to interview a local youth who is in his last year of law school. We found him cramming for exams in the city park. We opened the conversa-

"Nolle Prosequi," he replied cordially, beckoning me to join him on the park bench.

"Uh - haven't decided yet, eh? Well, a person can't be too careful about something as important as that," we waved our hand expansively.

He studied me intently. Then, with eyebrows narrowed, he said:

"Res Adjudicata!"

"The races?" we chuckled. "No, I don't' follow the ponies much. I guess I'm not much of a gambler."

"Certiorari," was his next observation. He watched closely as the full impact of this announcement sunk in.

In guarded tones we replied that we hadn't quite made up our mind on the steel dispute. "Stare decisis," he countered,

obviously trying to bait us onto nother subject. "Taft does look pretty strong

right now," we continued gamely. "But, personally, Ike looks like the best bet so far." He didn't like our last re "Mandamus." mark.

School Candidates COORDINATING COUNCIL ELECTS MRS. CONZELMAN **Statements**

Campaign statements were issued today by both candidates in the election next Friday, May 16, to fill one vacancy on the ty School Board of Trustees.

Candidates filed for the race are Mrs. Martha Coutant, incumbent member of the Board, and Alan K. Thompson, 289 San Gabriel Court. Their statements follow:

In the year and a half that I have been associated with the Sierra Madre City School, it has been gratifying to see the progress made by the district with the support of the citizens, and a competent staff. In this short time, the staff has been increased to care for added enrollment, a new bus has been purchased replacing one which would soon be considered unreliable on the difficult canyon run, and land for future site development has been acquired. A system of periodical testing has been established, to determine actual results of the teaching. The school nurse will be on full time in the fall, and a school orchestra has been formed without additional personnel, an advantage which Pasadena elementary schools lack, and publicly lamented recently. There is a continuous influx of smaller items, two new slides for the playground, science kits for studying basic laws and principles, and a substantial order of slides to be used with the new projectors purchased by the P-TA. Sanitary conditions are improved with the installation of a hot water heater booster, the cafeteria staff has been increased,

COORDINATING COUNCIL **AIRS RECREATION PLAN**

Possible fire and flood hazards were the question marks raised this week concerning the proposed development of Bailey Canyon as a city camping and picnic grounds.

It was indicated at Tuesday's meeting of the Coordinating Council, however, that officials of the US Forest Service plan to study the area next week and

places coudl be built with safety, if at all. Two residents-both property owners near the canyon-said

Mr. Gould L. Eddy and son, Richard, of 155 W. Carter, also won two cups aboard their Dunnigan, the Santa Lucia II. Their sloop took second in the Class B Arbitrary and first place in Class I.

R. C. Lewis, president of the Bank of Sierra Madre, took part in the race as a crew member aboard the Paisano, owned by George P. Sturgis of Pasadena. Mr. Lewis explained that the Paisano was not a racing craft and they went along "more or less just for the ride."

Citizens' Body **Would Advise**

School Board Three of five members were appointed Tuesday night to a steering committee to see about forming a Citizens' Advisory Committee to the City School Board of Trustees.

As Mrs. Daniel L. D'Arcy, president of the Coordinating Council, stated it in appointing the body:

"The steering committee will convene a greater group to se lect a citizens' committee.'

The three members named were Mrs. Foster Buckner, Superintendent Charles A. Skutt, and Edward A. Davey. The subsequent committee will serve as professional-lay advisory body to the school trustees, it was explained.

Big Crowd **Visits City** School Plant

More than 750 Sierra Madreans attended the program and open house at City School Friday evening.

The auditorium was packed to capacity for the program which included brief remarks by Mr. and Mrs. Severin Sorensen, P-TA presidents; Superintendent Charles A. Skutt: John C. Mead, chairman of Public Schools Week: and Thomas C. Pollgreen, master of Sierra Madre Lodge No. 408, F. and A. M., sponsors of the Public Schools Week observance here.

Mr. Pollgreen presented awards to fifth and sixth grade winners in the annual poster contest. Winners were (fifth grade) Susan Maloney, first prize, \$5; Ronald Penn, second prize. \$3: Marc Yasskin, third prize, \$1; (sixth grade) Donna Marie Lundwall, first prize, \$5; Jean McKesson, second prize. \$3; and Kenneth ("Smokey") Bush, third prize, \$1.

FOR RE-GRADING TOWN Engineers of the National Board of Fire Underwriters are in town this week to re-grade Sierra Madre for the first time

The engineers are making a study of Sierra Madre's vulner-

ability-or lack of it-to fire. Such factors as the water supply, fire department, fire

alarm system, police, building laws, fire prevention efforts, and structural conditions of buildings are taken into consideration by the engineers-Vaughn C. Shaw and Glenn F. Dcamp. A system of "deficiency

points" is followed by the underwriters, whereby cities are marked down for weaknesses in any of the categories studied. When the last grading was conducted here 14 years ago, Sierra Madre's 2727 deficiency points placed it in with cities

of the sixth class. "If we can knock off 228 points from this total," ex-

plained City Administrator R. Merritt Baker, "that will put us in another class with res ing lower insurance rates."

Even climate and nature conspire against cities when being rated by the underwriters. In 1938, for example, Sierra Madre was given 180 deficiency points for having "hot, dry weather;" 115 points for being in an area supposedly subject to earthquakes; and 38 points for forest fire hazard.

Mr. Baker said the engineers will state in their report if Sierra Madre needs more firefighting equipment, hose, or

The botanist and morphologist helped with the US Department of Agriculture rubber survey of Latin America in 1940 and for eight months did continuous field survey work in Panama, Costa Rica, Venezuela,

Colombia, Haiti, and the Dominican Republic. Dr. Seibert was in charge of opening and establishing the USDA Rubber Station at Mamranc, Haiti, during the next two years.

He spent the next six years in various South American jungles conducting rubber research for the Department of Agriculture, pausing only long enough to complete the study requirements for his Ph. D. degree which he received in 1947.

Dr. Seibert has written extensively on botanical subjects.

OUR DEMOCRACY—by Mat Thugs Beat The LONG ROAD of RESEARCH Local Man

Three assailants slugged a Sierra Madre man into unconsciousness Sunday night in the parking lot near a Pasadena

Richard Allison, 33 N. Hermosa, told local police that he saw three men trying to get into his car when he returned to it after an evening of movies at the Academy Theater.

He asked what they were doing and was told, "None of your business." Allison said that when he told them the car was his, one of the men started beating him.

"The next thing I remembered was coming to, lying next to my car."

Allison, whose face was bruised, estimated that the men were about 24 years of age. Police said his shirt was badly torn in the melee.

Sister Kenny Asks Your Help--So That More Can Walk

It's a "round the clock" job at the Sister Kenny Polio Hospital near El Monte to care for polio stricken youngsters. Maintenance of the Hospital is the major objective in the Sister Kenny Foundation's annual campaign, May 1-31. Bed capacity at the hospital has been increased during the past year from 29 to 64 beds. (1) Stephen DeWitt, 7, Los Angeles, performs the early morning tooth brushing routine with the help of Nurse Bernice Ross; (2) then Karen Kimball, 5, Alhambra, has her bath; (3) another child is seen in hot packs, a "must" of the Kenny treatment originated by Sister Kenny in her polio work; (4) Terry Luxembourger, 4, of Santa Ana, undergoes the muscle reeducation phase of the Kenny treatment—a tedious, lengthy but successful process; (5) Anne Hansen (left) 3, of Bell Gardens, and Charles

Thomas, 1, of Sierra Madre, get some help from Nurse's Aide Marjorie Stone at regular luncheon session in their ward; (6) Karen Kimball of Alhambra appears again taking her first faltering steps in what is called gait training -a training process designed to educate the child in a return to a normal gait pattern, disregarding the fact that some muscles may have been rendered irreparable. Note the mirror which helps to guide her in conforming to instructions of a Kenny Therapist; (7) George Bonan, 14, Garvey; Estelle Gerdes, 16, Whittier, and Dillajean Cantrell, 12, of Ontario, end a day of hot packs and treatment by watching television, one of a series of events provided in the hospital's recreation program. Center is Vicki Lamb, 2, San Gabriel, acclaimed "Cover Girl" in this year's camp

CITY SCHOOL ORCHESTRA TO PLAY FOR LOCAL P-TA

Final Parent-Teacher Association meeting of the year will US VOLUNTEERS feature a program by the City School orchestra, with Mrs. Matilda Smith as conductor. The meeting is scheduled for next Thursday, May 15.

The orchestra, made up of pupils of the second through sixth grades, will play five selections. In education circles it is considered "quite unusual" to have an orchestra consisting of boys and girls of those ages.

Dr. Richard Lert, conductor of the Pasadena Civic Symphony Orchestra, will be guest of honor for the youthful musicians during their final rehearsal.

Orchestra selections will include "By the Fireside," "Mountain Memories," "Senorita," "Marilyn," and "American Pa-

Solos will be presented by five members of the orchestra. The soloists and their numbers include: Kenneth Bush, saxophone, "Bubble Dance;" Lynn Mack, piano, Chopin's Minuet Waltz; Philip Jacobs, clarinet, "La Cinquantaine;" Michael Childers, piano, "En Route;" and Ed Ower, trumpet, "The Secret."

The P-TA will assemble at 7:45 p.m. at the school for a 15-minute business meeting. Then the one-hour concert will start promptly at 8 o'clock.

PLANNING COMMISSION From page one

mission, although the Commission has not yet seen it except in the News, I should like to correct a misstatement made by him in that his plans were "submitted" to me and "approved" by me.

In the first place neither the Chairman nor any other member of the Planning Commission can "approve" anything without the subject being submitted to the entire Commission for discussion and decision. A member may give a personal, unofficial opinion,

but no more. In the case of Dr. Valois, he appeared before the Commission in July, 1950, and told that body he wished to use more than 25 per cent of a building for a dental office. He said he expected his assistant to live in an apartment in the building and that the appearance and set up would be that of a modern ranch house type of

residence. Mr. Cahill, the adjoining property owner, informed us that Dr. Valois had agreed verbally to maintain the same set back as his house, now owned by Don Jackson, and that he could see no objection to a little more than 25 per cent of a residence being used for a dental office in that area. After discussion with the Commission, in which it was clearly understood by the Commissioners present, that only one building of residential type was to be erected, the variance was granted, but the Commission relying upon Dr. Valois' verbal explanation of what he planned to do, did not set a definite limit as to how much more space than the legal 25 per cent might be used for his

dental office. Nothing further was heard of the matter until the end of September, 1951. Then Dr. Valois submitted plans for two buildings to the building inspector, who telephoned me to verify the fact that the variance had been granted, not to change the premises from an R-1 to an R-2 occupancy, but merely to allow more than 25 per cent of one building to be used for a dental office. I told him that Dr. Valois would need to apply for a zone change if that was what he proposed to do, a matter which generally takes four months to pass the Planning Commission and the City Council. The building inspector informed me that Dr. Valois could not afford to wait that long, as Washington had already ordered a freeze on materials for commercial buildings and he must get his foundations started before the first

of October. I asked Mr. Lees some questions about the plans and he then brought them to me, whereupon I looked at the first page, but as they appeared not to give any lot lines, I was unable to tell just where the buildings were to be placed. The inspector asked me to telephone the City Attorney to inquire what was the best solution of the problem and the City Attorney suggested that if it was possible for the buildings to be placed close together and attached by a breezeway, this could make them legally one structure. On that advice

the building permit was issued. Several weeks later, when the roof was on the forward structure, I noticed the encroachment of the eaves on the five foot side yard set back and called it to the attention of the building inspector. After a great deal of discussion to and fro, a stop order was placed on the building until a surveyor's map was supplied, giving the exact distance of the overhangs

and posts from the lot lines.

It was found that the eaves encroached at one place to within 1.25 feet of the lot line and also that a cement side walk, only allowable in a C-1 Zone, had been built out to the curb line without proper authority. Dr. Valois was asked to appear at the November meeting of the Commission and did so. A long and heated discussion ensued, during which the members of the Commission, who had been present when the variance was granted, pointed out to Dr. Valois that they had had no idea that he intended to erect what now appeared to be a large dental clinic with a small semi-detached house in the rear, and that they felt very definitely that he had not carried out the verbal picture he had painted for them at the original hear-

In spite of all this, the Commission finally agreed to approve the already existing building, provided that the eaves were cut back to the legal limits and the infringing posts removed. However, the Commissioners still feel that the buildings do not live up to what it was well understood they expected when the variance was granted.

> Yours very truly, May Roberts de Wright, Planning Commission.

JONATHAN SCOTT HAS ONE-MAN ART EXHIBITION

A one-man exhibition of paintings and drawings by Jonathan Scott, well-known former Sierra Madre artist, opened last week in the Contemporary Galleries of the Pasadena Art Institute, 46 N. Los Robles.

Mr. Scott was born near Bath, England, and studied at Heatherley's School of Art in London under Frederick Whiting and Bernard Adams. Later he worked with Mauritz Heymann in Munich, and studied at the Academia di Bella Arti in Florence.

He has exhibited regularly in California since coming to this country, and his paintings have been consistent winners of awards in the annual exhibition of the Pasadena Society of Artists, Last summer he was awarded an honorable mention in the 3rd San Gabriel Valley Artists Exhibition held at the institute.

David Schnabel will speak on the artist in the galleries on Sunday, May 11, at 3 p. m. Additional talks have been scheduled for Friday, May 16, at 12:15 p. m. and Sunday, May 18, at 3 p. m. Mr. Scott's exhibit continues through June

From page on pressure on both teachers and pupils. Children in the afternoon sessions are particularly affected as they may come to school in the afternoon too tired

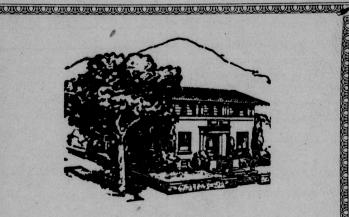

to study after having played all

Our classrooms are now unoccupied for approximately half of the days of the year. Therefore there is a certain illogic in unnecessarily depriving the children of a normal school day by crowding two classes into a room on one day when the same room stands empty on some other day.

If additional classrooms can be made available, well and good. If not the realistic question is not whether classrooms

should be shared, but how they

Because of this consideration I have in the past been identified with the proposal for four quarter operation. This is one alternative to double sessions, but by no means the only one. A number of others are possible. I do not necessarily urge four quarter operation or any other particular alternative, what I do advocate is that because double sessions are widely regarded as undesirable they should not be presumed necessary without having thoroughly explored other possibilities; bearing in mind that the central purpose is to provide the best possible environment and education for our children. ANNUAL FIESTA of the Sierra Madre Girl Scouts, held at the City Park, Saturday, was hailed as one of the biggest and most colorful held yet. Thirty-six girls of Troops 14 and 15 took part in the Aztec Ribbon Dance (Maypole Dance) which was one of the main features of the event. Girls participating included Louise Annas, Barbara Brogger, Joanne Bush, Laura Dickerman, Carol Draeger, Louise Farrow, Jo-Beth Hart, Judy Haymaker, Helen Jean Hippenstiel, Kay Keith, Louise Lauder, Mary Grace McWade, Marjorie Mack, Susan Maloney, Alison Mecke, Shirley Molash, Karen Morris, Marcia Northrop, Coralyn Powell, Nancy Roess, Barbara Sanders, Kathleen Sheehy, Diane Toms, Janice Ware, Susan Yarnell, Mary Ellen Blake, Marianne Kinney, Susan Bensinger, Margaret Dooley, Mary Ann Morse, Patricia Pawlayck, Lelia Robertson, Donna Simpson, Joan Smith, Barbara Strickland, Diane Twedell. Supervising the fiesta was Mrs. William J. Rogers, with the help of leaders Mrs. I. R. Simpson, Mrs. William A. Kinney, Mrs. James W. Lauder, and Mrs. A. L. Draeger.

HEAVY CONSTRUCTION HERE SWELLS BUILDING FIGURES

Building boomed in Sierra Madre last month, with permits to build totaling \$196,480.

This topped April of 1951 by \$36,905 and was more than nine times as big as the building permit total for March of this year, only \$19,346.

"The good weather has brought us back ahead of normal," explained William Lees,

Permits for more than \$500 were issued to the following, Mr. Lees reported:

W. Gildersleeve, permits to build four houses and garages at 435, 445, 425, and 455 E. Laurel, each permit for \$9000; Percy Fredman, to erect a house and garage at 1985 Vista, permit for \$18,000; Gwynn Allen, to construct an accessory building at 682 Alta Vista Drive, \$700; C. L. Mills, to build a car port at 833 Skyland Drive, \$600; Robert A. Day, to erect a dwelling and garage at 222 Ramona, \$11,000; Dewey C. McGeary, to alter a dwelling at 357 N. Auburn, \$1200;

Roman Catholic archibishop, to alter and add to school building at southeast corner of Baldwin and Alegria, permit for \$64,600; R. E. Johnston, to construct a house and garage at 1910 Vista Avenue, \$14,000; J. F. Peinder, to finish room to den at 485 N. Lima, \$600; Robert M.
